Connecting with your device:

- Keep your bluetooth device within 10 ft. while pairing.
- Press the POWER button to turn ON the device.
- The speaker is now in pairing mode and Blue LED will blink.
- Now search for available bluetooth devices in your Mobile/Laptop /iPad and select SONICANGLE -1 from the list of available devices.
- If prompted, enter password or PIN required "0000".
- If prompted by your mobile phone to connect, click "YES".
- After successfully connecting Blue LED will be permanently ON.

Wireless STEREO mode:

- For STEREO mode two units of SONICANGLE 1 are needed.
- Pair one of the devices with your mobile phone, now turn ON the second speaker and make sure it is in pairing mode.
- Press and hold the Link button on both the speakers.
- Once connected the speakers will call out "Connected" & the white LED light on both the speakers will start blinking.
- Now the speakers are connected with each other.

SIRI/GOOGLE assistant:

- For accessing Siri/Google assistant press the bluetooth button twice.

How to charge:

- Connect the speaker to power using Micro USB cable.
- To better protect the battery life, kindly use only the charging cable provided with the speaker.
- Allow 2-3 hours to completely charge the speaker.

LED indications:

- While charging - Red LED is ON.
- When completely charged - Red LED is OFF.
- When battery is low - Voice prompt will let you know that battery status.
- Pairing Mode - Blue LED starts flashing.
- In LINK pairing mode - White LED flashes.
- When connected in LINK mode - White LED is ON.

Reconnect the speaker:

- If the connection is lost, SONICANGLE 1 will try to reconnect automatically.
- If it does not reconnect, kindly press the POWER button for 3 secs and reconnect manually through your mobile bluetooth.

Common problems and solutions:

- ▶ **Mobile can't find the speaker:**
 - Kindly restart your phone and the speaker.
- ▶ **There's always noise and the bluetooth keeps disconnecting:**
 - The speaker needs to be charged.
 - Make sure you are not beyond the signal distance.
- ▶ **Bluetooth is connected but you are unable to listen to music:**
 - Check your device setting to adjust the sound of speaker.
 - Some devices require you to select the device twice.
 - Some devices do not have complete bluetooth functionality so kindly connect the speaker with another device to check if it is functioning properly.
- ▶ **Bluetooth password:**
 - "0000"
- ▶ **Maximum distance:**
 - 10 ft.
- ▶ **Red LED is not ON while charging:**
 - This could be due to lack of use of speaker. It needs to be charged for 30 min before the Red LED occurs.

FCC information:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

FCC ID: 2AP44-TAGGANG1
